A Conservation Idol should encourage everyone to save water.  
 Tucson is a **desert** town and receives very little **water**.  
 Tucson is in a **drought**. That means we have received even **less** rainfall than usual.  
 Tucson gets its water from **three** sources.  
 Tucson's sources of water are **groundwater**, **Colorado** River water, and **reclaimed** water.  
 Reclaimed water is **recycled**, treated sewage water and is used for outdoor needs.  
 A Conservation Idol should encourage **everyone** to save water!
