To ensure your tap water is safe, clean and secure, Tucson Water conducts approximately 14,500 individual tests each year on the water in the main distribution system – before it reaches your home. Test results for key parameters are reported by 10 water quality zones for a water distribution system that covers some 375 square miles.

Main Water System

Water in these areas is supplied by independent water companies.

Water Quality Zones:

1. Dove Mountain Blvd
2. Orange Grove Rd
3. Campbell Ave
4. Alvernon Way
5. Sunrise Rd
6. River Rd
7. Tanque Verde Rd
8. Ajo Hwy
9. 8th Ave
10. Speedyway Blvd

Tucson Water also monitors water quality at 10 separate and distinct community systems served solely by local groundwater wells—not from the main water distribution system. Hundreds of individual tests are conducted each year on these community wells to ensure well water is clean, safe and secure.

Catalina Water System

Catalina is a community partially served by Tucson Water. It has about 400 connections, supplying water to about 1,000 persons with water from two wells.
